9 JUL 1964

MEMORANDUM FOR THE RECORD

SUBJECT: Meeting with Mr. Michaels, Member of House Appropriations Committee, Staff on DD/S&T programs

1. The subject meeting was held on 8 July 1964 with the following attending:

Appropriations Committee	- Mr. Michaels	
DD/S&T - Dr. Wheelon,	and Mr.	Blake
OGC - Mr. Houston		
OBPAM - Messrs		

2. Mr. Michaels had indicated desire for general orientation on U-2 problems, FMSAC, and Research and Development in ORD. Dr. Wheelon fielded Michael's questions and led the discussion as outlined below.

Question -	Why	would	there	þe	consideration	for	more	U-2
production								

Discussion - Our inventory of U-2 is getting desperately low. Both CIA and SAC need new U-2s in the immediate future with improved capability.

	Opportion How done Third of the decided and the second	
. ' 🕇	Question - How does FMSAC tie in with SMAC in DTA and isn't this duplication?	
	Discussion - Dr. Wheelon gave a frank, thorough and con-	
	vincing run-down on the entire history of FMSAC, its	
	creation, objectives, and our deliberations with DOD. Michaels intimated he probably would probe DOD on the	
	same question.	
	-	
	Dr. Wheelon also briefed Michaels on the entire DD/S&T	
	organization alluding only briefly to ORD problems.
